

A VIRTUAL PRESENTATION

# ADDRESSING CONTAMINATED SEDIMENT IN THE ST. CLAIR RIVER

An update on the engineering and design plan.

Tuesday, June 22, 2021

6:30PM-7:30PM EST

Register at [bit.ly/StClairSediment](https://bit.ly/StClairSediment)

On Tuesday, June 22, 2021, from 6:30 pm to 7:30 pm EST the St. Clair Region Conservation Authority is hosting a virtual information session to update the community on the plan to address contaminated sediment in the St. Clair River.

Learn about:

- the results of the sampling conducted in 2019 and 2020,
- the recommended approach for managing contaminated sediment based on the sampling results, and
- timing for completion of the engineering and design plan.

Participants will have an opportunity to ask questions following the presentation. The session will be recorded and posted on the St. Clair Region Conservation Authority website afterwards.
